

Join our Relocation Team in Denmark – as an External Relocation Consultant

We are expanding our network of trusted external relocation consultants in Copenhagen and are looking for service-minded professionals to support international employees and their families as they settle in Denmark.

Your role

This is an external, assignment-based collaboration. Consultants work independently through their own CVR-registered business and are engaged by us as relocation assignments arise. The role is therefore particularly suited to professionals looking for flexible, project-based fieldwork rather than a permanent position.

Assignments may include:

- Home searches and property viewings
- Area orientation and local guidance
- Move-in inspections and handovers
- Support with registrations and practical relocation matters
- Accompanying clients to appointments
- Liaising with landlords, agents and other local contacts
- School/childcare searches and everyday settling-in support
- VIP and white-glove assignments for experienced consultants

We are open to both experienced relocation professionals and candidates new to the industry. Experience in relocation, real estate, hospitality, immigration or another client-facing role is an advantage, but not essential.

We are looking for someone who:

- Knows Copenhagen and the surrounding areas well
- Is professional, organised, flexible and solution-oriented
- Enjoys working with international clients
- Communicates confidently in English and Danish
- Has a valid driving license and unlimited access to a car
- Enjoys a hands-on, client-facing role

For experienced consultants, there may be opportunities to take on VIP, executive and white-glove assignments.

The role offers flexible, assignment-based work with an international client base and a varied mix of client interaction, fieldwork and practical problem-solving.

Location: Hvidovre, Copenhagen

Contract type: Assignment-based

Contract arrangements

We are open to both hourly employment and assignments with self-employed consultants or sole traders. The contract form will be agreed individually based on your situation and the nature of the work.
